

## **Introduction to Construction Trades course**

This course will provide an introduction to a series of construction trades along with providing academic upgrading that will enable participants to proceed into a full-time accredited construction trade program.

**Course:** sponsored by Tewatohnhi'saktha and delivered by New Frontiers School Board (Nova).

**Location:** NOVA and another location in Chateauguay

**Duration:** 40 weeks

**Limited space available**

**Deadline to apply: Extended to March 22, 2010**

**Start date:** Mid-April 2010

### **Course information:**

1. Construction Trades Training: approximately 200 hours in each of four trades  
Carpentry  
Electricity  
Plumbing  
Welding
2. Academic upgrading to Secondary 4 level (as required by each trade training program)
3. Essential Skills component to help participants in their career choice.

**Living allowances:** provided to participants – amounts to be determined by each participant's individual status

### **To apply for the course and/or to register for the information session:**
